

Cookie Recipe for 14 delicious Cookies

For 14 delicious cookies, you need 100g Butter, 100g Sugar, 1 Pack Vanille Sugar, 1 Egg, 200g Flour, 2 Teaspoon baking powder and 100g Chocolate Chunks.

First put your butter in the bowl with the brown sugar. Mix it for 2-3 min.

After 2 to 3 minutes, add the egg and one pack of vanilla sugar and mix it until it has merged with the mass.

Now sift the flour and the baking soda into the bowl and stir it until it is connected to the mixture.

If you have a firm dough, you can now add the chocolate chips and mix it together.

Now take your baking sheet and put five balls of the dough on the sheet. I prefer only to put five balls of dough on the sheet, because in the oven it will become wider.

Preheat your oven to 180 degrees. Now it is time to put in your cookies. Bake it for 9 to 12 Minutes. I prefer to look up after your cookies after 10 Minutes, because we do not want a burned cookie.

After 9 to 12 Minutes, take out your Cookies and let it cool down for 5 min.
